

Will your street signs meet the Manual on Uniform Traffic Control Devices (MUTCD) standards come January 2012?

Federal Highway Administration Amended United State Code (U.S.C) Mandating New Traffic Sign Regulations for Public and Private Property

FASTSIGNS® is ready to quickly and effectively provide you with a signage solution that will comply with new traffic sign regulations.

Your signs must meet the following NEW MUTCD requirements:

1. Signs on private property open to public travel must meet MUTCD standards on color, size, design, reflectivity, and installation standards NOW.
2. By January 2012, traffic signs must be mounted a certain height from the ground and street name sign letters must meet new minimum size requirements (shown below).
3. By January 2015, new reflectivity levels should

be in place for regulatory, warning, and ground-mounted signs.

Let FASTSIGNS® solve your visual communications challenges and get your signs up-to-date and compliant. From the simple...to the simply impossible™.
