

# School and University Germ Prevention and Health & Safety Sign Packages

**FASTSIGNS**<sup>®</sup>  
More than fast. More than signs.<sup>®</sup>

# Protect students and staff with these essential signs

Signs and Visual Graphics are an important part of germ prevention awareness and education. They communicate the importance of hand washing and cleaning procedures as well as traffic flow and directions to make your campus run smoothly and efficiently. From building access signs to safety and social distancing cues FASTSIGNS® has the solutions to keep your organization going.

As schools and organizations are reopening, it is important to incorporate custom signs and visual graphics that strike a balance between consistent branding and function. Don't be stuck with one size fits all COVID-19 compliant signage that disrupts your school spirit. Make sure your essential signage extends the look and feel of your school's culture and is age appropriate from kindergarten to college. FASTSIGNS® can develop a graphics package based on your needs PLUS integrate your logo and school colors so you can stay on brand.

Take advantage of this opportunity to stand out and build confidence with your community, students and staff. Contact us for a free consultation today.

Acrylic Shield with pass through 36" x 30"

Acrylic Shield 30" x 23"

# Safe Working Environment: Education/Schools/Daycare

- ❑ Examine all employees and children for symptoms and have temperatures taken daily before being admitted to work or attend school. CDC guidance states the minimum temperature that indicates a fever is 100.4°F
- ❑ Use curbside signage to designate student drop off/pick up locations and proper social distancing
- ❑ Address and post maximum occupancy levels (Max number of students per facility vs. number of people per square foot). This should be done in conjunction with any state or local mandates
- ❑ Use door signs that show that only children and staff should be permitted in the facility
- ❑ Direct parents to wear face masks if there is any interaction required with staff
- ❑ Utilize wayfinding signs to direct students one way throughout hallways
- ❑ Implement strong procedures for sanitizing surfaces, toys and equipment and display germ prevention posters
  - Post cleaning logs to ensure proper and timely cleaning occurs and to communicate procedures to students and faculty
- ❑ Display proper signage if staggering class days or A/B Team scheduling is implemented to avoid confusion
- ❑ Implement one teacher per classroom where feasible
- ❑ Practice student social distancing when possible, e.g. recess, circle and mat times, after school/care pick-up
- ❑ Use signs to indicate desks and tables during lunch that are out of service for social distancing
- ❑ Post germ prevention/handwashing posters in all bathrooms
- ❑ Provide “No handshakes, No hugs. Just Smiles” stickers and buttons for teachers/administration
- ❑ Offer contactless payments for daycare and private schools
